Recommended Reporting: Reporting on Wider Influence

Wider Impact and Influence on GHG Emissions

Q1) Historic Emissions (Local Authorities Only) - Still based on most recently available data from July 2025

Please indicate emissions and unit of measurement (e.g. tCO_2e) and years. Please populate data by selecting from the drop-down lists. Use (1) as the default unless targets and actions relate to (2).

Please note : territorial emissions of carbon dioxide (CO_2), methane (CH_4) and nitrous oxide (N_2O) are provided, but not fluorinated gases, which are included in the UK territorial greenhouse gas emissions statistics. Statistics were provided only for carbon dioxide emissions, prior to publication of the 2005 to 2020 dataset in 2022.

Please note : the UK local authority and regional GHG emissions statistics for 2005–2024 are due in summer 2026 and were not available at the time of this template being issued.

(1) UK local and realonal CO2e emissions: **subset dataset** itemissions within the scope of influence of local authorities):

(2) UK local and realonal CO2e emissions: **full dataset:**

Please provide any detail on data sources or limitations relating to the information provided in Table 3

Q4) Partnership Working, Communications and Capacity Building

Please detail climate change partnerships, communications or capacity building initiatives below.

Key Action Type	Description	Organisation's project role	Lead Organisation (if not reporting organisation)	Private Partners	Public Partners	3rd Sector Partners	Outputs	Comments
Partnership Working	National Greenspace and Biodiversity Group	Participant	NHS Scotland		NHS Boards		Share best practice across the boards to enable and progress sustainable greenspace planning, development, and maintenance, while delivering on action for biodiversity.	
Partnership Working	Environmental Management System Group	Participant	NHS Scotland		NHS Boards		Share best practice and contribute towards continual improvement of Environmental monitoring, reporting and performance across NHS Scotland Boards.	
Partnership Working	National Boards Sustainability Group	Participant	NHS Scotland		NHS Boards		• To collaborate on Sustainability, Climate Emergency, Net Zero Targets • To support our response to sustainability requirements and compliance with national reporting duties • To share knowledge, experience, learning and training • To create and maintain an online sharing and learning space for the group • To ensure linkages with Scottish Government, NHS Assure, other NHS Boards • To make key decisions and convey these to NESG, Board Exec Leads for Sustainability	
Partnership Working	National Energy Forum	Participant	NHS Scotland		NHS Boards		Energy technical and support services, including development of guidance, provision of professional advice, reporting, training courses and seminars.	
Partnership Working	Transport, Fleet & Travel Planning Group II	Participant	NHS Scotland		NHS Boards		Responsible for the planning and delivery of all national fleet, transport and travel planning issues and will provide specific focus in the progression of national sustainable development objectives and net zero targets relating to travel and transport matters.	
Partnership Working	National Green Theatres Group	Participant	National Centre for Sustainable Delivery		NHS Boards		• This Group has been established to support, innovate and develop high quality climate sustainable services across Scotland, reducing unwarranted variation, promoting a best-in-class and where appropriate once-for-Scotland approach. • The Green Theatre Specialty Delivery Group brings together key multidisciplinary stakeholders and will be a key delivery driver to the Green Theatre Programme Board. • The remit of the Group is focused specifically to support the clinical direction of the National Green Theatre programme. This includes driving forward a number of actions already identified from the NHS Highland Pilot project.	
Partnership Working	DesignHDFES	Participant	University of Strathclyde		NHS Boards		• Design inDFES (Healthy Organisation in a Place-based Ecosystem, Scotland) aims to advance societal understanding of design's impact as well as the opportunities, barriers, behaviour changes and tools needed to transition the health sector to a green approach. • This project will create new opportunities to support both existing services and new design-led health innovations in collaboration with NHS Boards across Scotland, the Scottish Government, patient and public representatives, health and social care partners, the third sector, academia and industry. • Design HDFES aims to be an internationally recognised centre of excellence, promoting and embedding best practice through collaborative design-led thinking and making approaches to build a more equitable and sustainable health and social care system.	

Other Notable Reportable Activity

Q5) Please detail key actions relating to Food and Drink, Biodiversity, Water, Procurement and Resource Use in the table below
